NAME	FARAH HANIS BINTI AZAMAN	
CLASS	DDT 5 SAD 1	CLO1(P): /100
SESSION	SESI I 2023/2024	
COURSE CODE	DFP50273 – INTEGRATIVE PROGRAMMING AND TECHNOLOGIES	
ASSESSMENT	LABORATORY TASK 2	
LECTURER	PN. ZALIHAR BINTI EMBONG	

POLITEKNIK MALAYSIA MERSING

Performance Area	ADVANCED 4	INTERMEDIATE 3	BEGINNER 2	WEAK 1	Weightage	Score
Declaration classes and import libraries	Able to declare class using proper, clear, and understandable name.	Able to declare class using meaningful name.	Able to declare class using meaningful name.	Able to declare class using vague class names.	5	(___/4) * 5
	Able to import ALL libraries required correctly according to the question.	Able to import MOST of the libraries required correctly according to the question.	Able to import SOME of the libraries required correctly according to the question.	Able to import 1-2 libraries correctly only according to the question.		
Used of appropriate object name	ALL of the components used appropriately object name with reasonable prefix	MOST of the component used appropriately object name with reasonable prefix	SOME of the component used appropriately object name with reasonable prefix	A FEW of the component used appropriately object name with reasonable prefix	5	(___/4) * 5
Working with Menu bar	Able to create Menu bars, Menu and Menu Item correctly according to the questions with additional specifications of separator.	Able to create Menu bars, Menu and Menu Item correctly according to the questions.	Able to create Menu bars BUT fails to create Menu and Menu Item correctly according to the questions.	Able to create Menu bars only	10	(___/4) * 10
Working with Panel and layout	Able to create ALL panels and layout correctly according to the questions with additional specifications.	Able to create MOST of the panels and layout correctly according to the questions with correct.	Able to create SOME of the panels and layout correctly according to the questions.	Able to declare a panel only. Layout is not according to the question.	15	(___/4) * 15
Event Handling	Able to declare ALL of event handling AND definitions of event handling are perfect and contains all the task correctly based on component use.	Able to declare most of event handling AND definitions of event handling contains some tasks correctly based on component use.	Able to declare some of event handling AND some definitions of event handling are partially complete based on component use.	Able to declare limited event handling BUT not able to define event handling based on component use.	30	(___/4) * 30
Program Code	The student creates programs which shows a thorough understanding of the programming concepts	The student creates programs which show considerable understanding of programming concepts and	The student creates programs which show some understanding of programming concepts	The student creates programs which show limited understanding of Programming concepts	10	(___/4) * 10
